Hi Chef Martin, a big thank you for your informative lecture yesterday to my staff at our five star resort here in the Philippines www.plantationbay.com.

The expression of interest and feedback I received from the staff on the critical topics you discussed (Quality Assurance/ Production Quantities/ HACCP/ Hygiene) was great and am sure it will be beneficial; both for the business and the individuals.

We are grateful to have a Chef of your calibre visiting us.

Mario Bonello
